

November 30, 2008

Dear Prospective Employer,

The Society of Civil and Structural Engineers at the University of California, San Diego, cordially invites you to our 4<sup>th</sup> Annual Structural Engineering Day Career Fair. Our society is a student chapter of both the American Society of Civil Engineers and the Structural Engineers Association of San Diego. We are proud to be affiliated with the only accredited undergraduate Structural Engineering program in the country, and with the Jacobs School of Engineering, which repeatedly ranks among the top engineering schools in the nation.

SE Day is the only career fair exclusive to all 620 Undergraduate and Graduate Students from the world-renowned UCSD Department of Structural Engineering. This is an unprecedented opportunity to recruit some of the best undergraduate and graduate students in the nation for full-time, part-time, or summer internship work.

Our education in the Structural Engineering Department is based on using the word “structure” is used in the broadest sense. The curriculum teaches students the fundamentals or mechanics, materials, analysis, and design necessary to work in any field, from the nanostructure of microprocessors and the propulsion of marine animals, to the seismic design of reinforced concrete structures and advanced composite aircraft wing design. The unique education that a Structural Engineer at UCSD receives ensures that our students make a unique and meaningful contribution to your organization, whether it is in the Structural, Civil, Construction, Geotechnical, Aerospace, Marine, or Research & Development realm.

The career fair will be held on the UCSD campus in La Jolla on Tuesday, January 27<sup>th</sup>, 2009. This is earlier than in previous years, based on feedback from participating companies. We hope this will be more convenient for your hiring schedule, particularly for summer internships. A \$375 fee will provide a table with ample space for any promotional material and room for up to four representatives from your company. Additionally, you will receive a CD containing a wealth of student resumes from those who are actively seeking employment. We will also provide catered food and a reserved parking space.

A registration form has been attached for your convenience. Upon receiving your completed registration form, a confirmation e-mail will be sent. A package with additional information (scheduling information, parking information, driving directions, etc.) will be sent prior to the career fair. Reservations must be received before January 9<sup>th</sup> or an additional fee may be incurred. All of the information you need will also be available on our website, [scse.ucsd.edu](http://scse.ucsd.edu), and please feel free to contact us if you have any questions. We look forward to hearing from you.

Respectfully,

Colin Haynes  
President,  
Society of Civil and Structural Engineers

## UCSD Structural Engineering Day Career Fair

### Registration Form

When: **Tuesday, January 27<sup>th</sup>, 2009**

Where: Price Center East Ballroom, UCSD Campus in La Jolla, CA

-----  
Name of Company: \_\_\_\_\_

Address: \_\_\_\_\_  
\_\_\_\_\_

Contact Name: \_\_\_\_\_ Title: \_\_\_\_\_

Email: \_\_\_\_\_ Fax: \_\_\_\_\_

Telephone: \_\_\_\_\_ Website: \_\_\_\_\_

Number of Representatives: \_\_\_\_\_ Number of Vehicles\*: \_\_\_\_\_

Internet Required  Electricity Required

-----  
\* One reserved parking space is included with registration; \$14 per additional vehicle

Please register us for the career fair!

We have enclosed a check for:

Regular Registration (**\$375** + \$14 for each additional vehicle)

Regular Registration fee must be received by Friday, January 9, 2008

Late Registration (**\$475** + \$14 for each additional vehicle)

Subject to availability, contact Colin Haynes at [cmhaynes@ucsd.edu](mailto:cmhaynes@ucsd.edu)

We are unable to attend the career fair, but we support your cause!

We have enclosed a check for:

A Donation of \$ \_\_\_\_\_

Make checks payable to "SCSE at UCSD." Mail early enough to ensure delivery by the due date.

A package with additional information will be sent prior to the career fair. Feel free to contact

Colin Haynes at [cmhaynes@ucsd.edu](mailto:cmhaynes@ucsd.edu). Return registration form and payment to:
